

### Walmart Marketplace Questionnaire

Please fill out this form and return it to your TrueCommerce representative.

We require the information below to establish a connection to your Walmart Marketplace.

Follow Walmart's documentation to generate Application Programming Interface (API) keys for Solution Providers. TrueCommerce will be the Solution Provider. Please provide Full Access to all permissions.

If you have questions about any of the below details, contact your TrueCommerce representative.

**TrueCommerce Solution Provider keys: Testing will be completed through the Walmart Production environment. Please provide those keys, below.**

**Production keys:**

Client ID	
Client Secret	

**Define Scope:**

Which of the following tasks do you intend to have configured with this integration? Select all that apply.

- Order Sync
- Order Acceptance
- Update Fulfillment Information
- Sync Inventory Quantities

**State of Order:**

Select, below, the state of your orders that you would like to pull through the adapter. Our default will be 'Created.'

- CREATED
- ACKNOWLEDGED
- SHIPPED
- DELIVERED
- CANCELED

**Shipping Program (optional parameter):**

If you participate in a shipping program with Walmart Marketplace that is OneDay or TwoDay, select below. Participation in a shipping program is not a requirement by Walmart so if you do not believe that you participate, check with Walmart and/or leave this field blank.

- One Day
- Two Day

**Shipping Type:**

Please select if orders will be fulfilled by the seller, WFS, or 3PL.

- Seller Fulfilled
- WFS Fulfilled
- 3PL Fulfilled
