

ICONS IN FOUNDRY

-  Paper Icon
-  Red X
-  Exclamation Point/Yellow Triangle
-  Lock (Padlock)
-  Bell Icon
-  Gear Icon
-  No Icon
-  Clock/Stopwatch Icon (Transaction History)

- **Paper** – indicates that the transaction is in Test mode
- **Red X** – appears next to a transaction in the Transactions Outbox; indicates that mandatory fields must be completed before the transaction can be sent
- **Exclamation/Triangle** – appears next to a transaction when a map for your trading partner has been updated behind-the-scenes by the TrueCommerce Mapping team
- **Lock** – indicates the transaction is currently being utilized by another user; will disappear once the user is no longer utilizing the transaction (look to bottom left of TrueCommerce Foundry screen to see the error that will provide the username who is in the transaction)
- **Bell** – indicates that an address is not in your address list or that an item is not in your item catalog when an incoming transaction is received
- **Gear** – indicates whether transactions were set to be created and sent under the automation setting at the trading partner level (for example: a customer wants to automatically turnaround and send out a Purchase Order Acknowledgement (855) whenever they receive a Purchase Order (850) from Kohl's)
- **Stopwatch** – appears next to the transaction; indicates the transaction history/the status of the transaction
- **<no icon>** - indicates your transaction is in Production
